

Antipodes Global Fund

ARSN 087 719 515 APIR IOF0045AU

FUND UPDATE AS AT 31 JULY 2018

Antipodes Partners	<ul style="list-style-type: none"> Global pragmatic value manager, long only and long-short Structured to reinforce alignment between investors and the investment team We take advantage of the market's tendency for <i>irrational extrapolation</i>, identify investments that offer a high <i>margin of safety</i> and build portfolios with a <i>capital preservation</i> focus
Fund features	<ul style="list-style-type: none"> Objective to achieve absolute returns in excess of the benchmark over the investment cycle (typically 3-5 years) In the absence of finding securities that meet minimum risk-return criteria, cash may be held Equity shorts and currency positions used to take advantage of attractive risk-return opportunities, offset specific long portfolio risks and provide some protection from negative tail risk. Derivatives may also be used to amplify high conviction ideas Typical net equity exposure of 50% to 100%; maximum gross exposure of 150% of NAV
